About Us

A name that epitomizes quality and reliability

EAR conforms to the highest standards in GMP, quality control, hygiene, safety, pollution control and environment protection. Automated production equipments, advanced quality control instrumentation are the key to consistently manufacture quality products.

East African (India) Overseas is an offshoot of East African Remedies (I) Pvt. Ltd. which is involved in the manufacturing and marketing of pharmaceutical formulations- Therapeutic and prophylactic since 1980.

We are WHO-GMP accredited and manufacture both pharmaceutical specialities patented as well as generic in accordance with WHO certification.

Our company is licenced to manufacture both biological and Non-biological products.

Our company is located in approved industrial area especially created for pharma industry called pharmacy with all amenities to manufacture and export pharmaceuticals.

The company offers large scale contract manufacturing facilities to other organisations.

The company assists customers in formulations where a tailor made formulation can be designed in our application laboratory from lab scale to pilot batches.

The company is backed by a team of professionals in manufacturing.

State-of-the art manufacturing facility conforming to WHO-GMP standards.

Manufacture finished formulations, Tablets, Capsules, Syrups, Suspensions, Dry Syrups, Powders, Dispersible Tablets, Ointments and Lotions & Injections.

Separate sections for penicillin and non-penicillin products.

Manufacturing staff of highly dedicated, well qualified and experienced chemists to produce the best quality finished products.

Training-Periodically to all our employees which undergo refresher sessions from time to time with special emphasis on compliance of WHO-GMP and SOP.

Documentation-All aspects of raw material analysis, in process quality control, finished good quality control are carefully monitored to ensure medicaments of highest quality and purity. They are documented under SOP.

Independent Quality Assurance Department equipped with sophisticated analytical instruments and trained personnel who ensure high standards of quality from raw material to packing and finished product.

At EAR Overseas

We're fast maturing into a technology-fuelled, quality conscious pharmaceutical company.
